

# Posi3 USB & PosiChek3

## SCBA Testing Equipment

### Industry-leading and NFPA-compliant SCBA test equipment

The PosiChek family of SCBA test equipment has been the industry standard for thousands of fire departments, refineries, chemical plants and nuclear power stations worldwide since it was first introduced in 1988.

#### Full Readiness Testing

- Face piece leak check
- Exhalation check valve opening pressure
- Static face piece pressure
- Bypass flow rate
- Pressure gauge accuracy
- Low pressure alarm activation
- Visual inspection
- First stage regulator performance
- Breathing resistance at standard (40 LPM) work rate
- Breathing resistance at maximum (100 LPM) work rate

#### Simplified Recording

- PosiChek3 uses your own Windows-compatible PC or laptop to run tests and store results.
- Results can be printed or stored for retrieval in a userspecified database.

# Posi3 USB & PosiChek3 (continued)

Posi3 USB SCBA Test Bench	Order Number
Posi3 USB with low and high pressure (2216 and 4500 psig) manifolds, 250 psig medium pressure transducer, Enhanced Precision (EP) transducer and standard Posi3 USB SCBA test software	54-56-1117
Posi3 USB with low and high pressure (2216 and 4500 psig) manifolds, 500 psig medium pressure transducer, Enhanced Precision (EP) transducer and standard Posi3 USB SCBA test software	54-56-1717
Posi3 USB with low and high pressure (2216 and 4500 psig) manifolds, 250 psig medium pressure transducer, Enhanced Precision (EP) transducer, sound detection system (SDS) and standard Posi3 USB SCBA test software	54-56-2117
Posi3 USB with low and high pressure (2216 and 4500 psig) manifolds, 500 psig medium pressure transducer, Enhanced Precision (EP) transducer, sound detection system (SDS) and standard Posi3 USB SCBA test software	54-56-2717
Posi3 USB with low and high pressure (2216 and 4500/5500 psig) manifolds, 250 psig medium pressure transducer, Enhanced Precision (EP) transducer, to test 5500 psi SCBA models and standard Posi3 USB SCBA test software	54-56-5117
Posi3 USB with low and high pressure (2216 and 4500/5500 psig) manifolds, 250 psig medium pressure transducer, Enhanced Precision (EP) transducer, to test 5500 psi SCBA models, sound detection system (SDS), and standard Posi3 USB SCBA test software	54-56-6117

Test Bench Upgrades	Order Number
Add USB capability with advanced software package to a standard PosiChek3	54-21-09*
Add USB capability with advanced software package to a standard PosiChek3 with (SDS) sound detection	54-21-10*
Add 5500 psig upgrade <i>Note: Unit must be Posi3 USB for 5500 upgrade.</i>	54-21-12*
Add Sound Detection System (SDS) capability <i>Note: Unit must be Posi3 USB for upgrade. Calibration fee and return shipping not included.</i>	54-21-A17

\*Note: includes calibration fee and return shipping anywhere within the US. Contact HA for further details.

Accessories	Order Number
Pressure reducing regulator and valve assembly	35-0470
2216 psi Adapter for pressure reducing regulator and valve assembly	35-0475
Replacement test head for Posi3 USB (included in complete PosiChek unit)	54-370
Low pressure exterior manifold, 2216/3000 psi (included in complete PosiChek unit)	54-21-A03
High pressure exterior manifold, 4500/5500 psi (included in complete PosiChek unit)	54-21-A02
Hose assembly, first stage (included in complete PosiChek unit)	35-751
Case for PosiChek, large, foam lined. Holds PosiChek unit, head, and external manifolds <i>Note: Not recommended for calibration only shipping.</i>	54-21-A15
Case for PosiChek, small, foam lined. Holds only the PosiChek unit <i>Note: Recommended for calibration only shipping.</i>	54-21-A16

# Posi3 USB & PosiChek3 (continued)

## Calibration Services

## Order Number

Annual Service and Calibration includes return shipping within the USA	54-21-A10-CT22*
Service Expedite fee	POSI_RUSH_SVC

*\*Note: The PosiChek Annual Service Fee includes return shipping anywhere in the United States. PosiCheks shipped outside of the United States are subject to additional freight, duty and tax fees and are subject to export laws. The PosiChek annual Service Fee does not cover the cost of instrument upgrades, nor does it cover damage or defects caused by abuse, improper packaging, alterations, or unauthorized repairs. Outside the U.S. market, additional freight charges will apply.*

## Posi3 USB Software

## Order Number

Honeywell (Survivair) OEM software	54-58-01
MSA OEM software	54-58-07
Draeger- US OEM software	54-58-02
Interspiro- US OEM software	54-58-05
Avon/ISI OEM software	54-58-06
Honeywell (Fenzy) OEM software	54-58-04
Standard/Generic software (included with PosiChek unit)	54-58-10
Replacement USB software	Contact HA

*Note: an SCBA test record must be provided.*

*Note: Scott Safety software must be purchased directly from Scott Safety.*

## PosiChek3 32-bit software

## Order Number

Honeywell (Survivair) OEM software 32-bit	54-22-69-L
MSA OEM software 32-bit	54-22-65-L
Draeger OEM software 32-bit	54-22-58-L
Interspiro-US OEM software 32-bit	54-22-62-L
Avon/ISI OEM software 32-bit	54-22-64-L
Standard/Generic software 32-bit	54-22-66-L
Replacement 32-bit software	Contact HA

*Note: an SCBA test record must be provided.*

*Note: Scott Safety software must be purchased directly from Scott Safety.*

## Notes

# Honeywell Analytics Lines of Business

## Commercial

Gas detection from standalone units to fully engineered, multi-point systems, all offering cost-effective regulatory compliance

- » Applications: parking structures, chillers, mechanical rooms, office towers, commercial buildings, shopping centers, swimming pools, golf courses, schools and universities, laboratories

## Industrial

Renowned Sieger and Manning gas detection systems with advanced electrochemical, infrared and open path sensing technologies

- » Applications: oil and gas, cold storage, water/wastewater treatment, chemicals, engine rooms, plastics and fibers, agriculture, printing and light industrial

## Portables

Single or multi-gas and other premium detectors with compact, lightweight designs ranging from simple alarm only units to advanced, fully configurable and serviceable instruments

- » Applications: underground utility and electricity ducts, boiler rooms, post-fire sites, sewers, industrial plants, industrial hygiene, first responder teams, remote fleets

## High Tech/Government

A complete portfolio of gas and chemical detection instrumentation including infrared spectroscopy (MST) with no cross interference, to Chemcassette paper-based solutions (MDA Scientific) offering detection down to parts per billion

- » Applications: semiconductor manufacturing and nanotechnology, aerospace propulsion and safety, specialty chemicals industry, research laboratories, emergency response

## Technical Services

24/7 global network includes post-sales service and Systems Integration teams

- » Emergency call out, service contracts, on/off-site repair, training and commissioning
- » Complete range of spares, consumables and accessories
